**SECTION 1: Identification of the substance/mixture and of the company/undertaking**

- 1.1 Product identifier  
 Tradename: Hinrisol
- 1.2 Relevant identified uses of the substance or mixture and uses advised against  
 Use of substance / preparation: Industrial.  
 elastomer products
- 1.3 Details of the supplier of the safety data sheet  
 Manufacturer/Supplier: ERNST HINRICHS Dental GmbH  
 Street / mailbox: Borsigstr. 1  
 Country code. / postal code / city: D - 38644 Goslar  
 Phone: 0 53 21 / 5 06 24  
 Fax: 0 53 21 / 5 08 81  
 E-mail / Website: info@hinrichs-dental.de / www.hinrichs-dental.de  
 Further information obtainable from: ERNST HINRICHS Dental GmbH
- 1.4 Emergency telephone number  
 ERNST HINRICHS Dental GmbH: +49 (0) 53 21 / 5 06 24 - 25 (Mon-Fri. 8 a.m. – 4 p.m.)

**SECTION 2: Hazards identification**

2.1 Classification of the substance or mixture

Hazard class	Hazard category	Route of exposure
Flammable liquids	Category 2	
Serious eye damage / eye irritation	Category 2	
Chronic aquatic toxicity	Category 2	
Acute aquatic toxicity	Category 1	

2.2 Label elements

Pictograms:

Signal word: Danger

H-Code	Hazard Statements
H225	Highly flammable liquid and vapour.
H319	Causes serious eye irritation.
H400	Very toxic to aquatic life.
H411	Toxic to aquatic life with long lasting effects.

P-Code	Precautionary Statements
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P233	Keep container tightly closed.
P280	Wear protective gloves/protective clothing/eye protection.
P273	Avoid release to the environment.
P243	Take action to prevent static discharges.
P312	Call a POISON CENTER/doctor if you feel unwell.
P403+P235	Store in a well-ventilated place. Keep cool.

Hazard ingredients (labelling):

Isopropanol

2.3 Other hazards: No data available.

according 1907/2006/EG, Article 31  
 Date of last alteration: 13.06.2018  
 Version: 1.1 (INTL-GHS)

**Hinrisol**

**SECTION 3: Composition/information on ingredients**

3.1	Substances	Not applicable		
3.2	Mixtures			
3.2.1	Chemical characteristics:	Polydimethylsiloxane with functional groups + solvent		
3.2.2	Hazardous ingredients			
	EC-No.	CAS No.	Material	Content %
	203-492-7	107-46-0	Hexamethyldisiloxane	>75
	200-661-7	67-63-0	Isopropanol	>10 – <20
		27306-78-1	Poly(oxy-1,2-ethanediyl), .alpha.-methyl-.omega.-[3-[1,3,3,3-tetramethyl-1-[(trimethylsilyl)oxy]disiloxanyl]propoxy]-	<2
	202-481-4	96-14-0	3-Methylpentane	<0,5
	203-523-4	107-83-5	2-Methylpentane	<0,5

**SECTION 4: First aid measures**

4.1	Description of first aid measures General information:	Remove contaminated clothes at once. Where there is a risk of unconsciousness place and transport on one side in a stable position.
	After contact with the eyes:	Rinse immediately with plenty of water for 10-15 minutes and seek medical advice.
	After contact with the skin:	Wash with plenty of water or soap and water; immediately remove all contaminated clothing. In cases of sickness seek medical advice (show label if possible).
	After inhalation:	Move to fresh air, keep the victim laying down and restful. If breathing has stopped, give artificial respiration. If unconscious place in stable sideways position. Seek medical advice and clearly identify substance.
	After swallowing:	If conscious, give several small portions of water to drink. Do not induce vomiting. Seek medical advice immediately and produce the label or packaging.
4.2	Most important symptoms and effects, both acute and delayed:	Any relevant information can be found in other parts of this section.
4.3	Indication of any immediate medical attention and special treatment needed:	Further toxicology information in section 11 must be observed.

**SECTION 5: Firefighting measures**

5.1	Extinguishing media Suitable extinguishing agents:	Plenty of water, extinguishing powder, sand, alcohol-resistant foam, carbon dioxide.
	Extinguishing media which must not be used for safety reasons:	Water jet.
5.2	Special hazards arising from the substance or mixture:	None known.
5.3	Advice for firefighters Special protective equipment for firefighting:	Use respiratory protection independent of recirculated air.

**SECTION 6: Accidental release measures**

6.1	Personal precautions, protective equipment and emergency procedures:	Wear personal protection equipment (see section 8). Avoid inhaling mists and vapours. Avoid contact with eyes and skin.
-----	--	--

according 1907/2006/EG, Article 31  
 Date of last alteration: 13.06.2018  
 Version: 1.1 (INTL-GHS)

**Hinrisol**

6.2	Environmental precautions:	Prevent material from entering sewers or surface waters. Contain any fluid that runs out using suitable material (e.g. earth). Retain contaminated water/extinguishing water. Dispose of in prescribed marked containers.
6.3	Methods and material for containment and cleaning up:	Do not flush away with water. Take up mechanically and dispose of according to local/state/federal regulations. Absorb with a liquid binding material such as diatomaceous earth and dispose of according to local/state/federal regulations. Contain larger amounts and pump up into suitable containers. Exhaust vapours.
6.4	Further information: Reference to other sections:	Eliminate all sources of ignition. Relevant information in other sections has to be considered. This applies in particular for information given on personal protective equipment (section 8) and on disposal (section 13).

**SECTION 7: Handling and storage**

7.1	Precautions for safe handling: Precautions against fire and explosion:	Ensure adequate ventilation. Must be syphoned off in situ. Keep away from sources of ignition and do not smoke. Take precautionary measures against electrostatic charging. Cool endangered containers with water. Flammable vapours may accumulate and form explosive mixtures with air in containers, process vessels, including partial, empty and uncleaned containers and vessels, or other enclosed spaces. Keep away from open flames, heat and sparks.
7.2	Conditions for safe storage, including any incompatibilities Conditions for storage rooms and vessels: Advice for storage of incompatible materials: Further information for storage:	Protect against light. Not applicable. Keep container tightly closed and store in a cool, well ventilated place.
7.3	Specific end use(s):	No data available.

**SECTION 8: Exposure controls/personal protection**

8.1	Control parameters	-
8.2	Exposure controls:	
8.2.1	Exposure in the work place limited and controlled General protection and hygiene measures: Personal protection equipment: Respiratory protection: Eye protection: Hand protection: Skin protection:	Avoid contact with eyes and skin. Do not breathe vapours. Do not eat, drink or smoke when handling.  In case of long or strong exposure: gas mask filter ABEK. Protective goggles. Protective gloves, rubber or PVC. Protective clothing.
8.2.2	Exposure to the environment limited and controlled:	Prevent material from entering surface waters and soil. Do not introduce large amounts into purification plants.
8.3	Further information for system design and engineering measures:	Observe information in section 7. Observe regulations for protection against explosion.

**SECTION 9: Physical and chemical properties**

9.1	Information on basic physical and chemical properties		
	<b>Property:</b> Appearance: Physical state:	<b>Value:</b>  liquid	<b>Method</b>

according 1907/2006/EG, Article 31

Date of last alteration: 13.06.2018

Version: 1.1 (INTL-GHS)

**Hinrisol**

Assessment: For this endpoint no toxicological test data is available for the whole product.

Data related to ingredients:

Isopropanol:

Route of exposure	Result/Effect	Source
by inhalation	Target organs: central nervous system Vapours may be narcotising.	ECHA

11.1.10 Specific target organ toxicity (repeated exposure)

Assessment: For this endpoint no toxicological test data is available for the whole product.

Data related to ingredients:

Hexamethyldisiloxane:

In animal experiments with repeated exposure no effects with relevance for humans were observed.

Result/Effect	Species/Test system	Source
NOAEL: >= 1000 mg/kg NOAEL = NOAEL (relevant to humans)	Subacute study rat oral (gavage) 28 d	test report OECD 407
NOAEL: >= 1000 mg/kg NOAEL = NOAEL (relevant to humans)	Subacute study rat dermal 28 d; 5 d/w; 6 hours/day	test report OECD 410
NOAEC: > 33,2 mg/l NOAEC = NOAEC (relevant to humans)	chronic study rat 2 a; 5 d/w; 6 hours/day	test report OECD 453

11.1.11 Aspiration hazard

Assessment: For this endpoint no toxicological test data is available for the whole product.

11.1.12 Further toxicological information

Data related to ingredients:

Hexamethyldisiloxane:

May cause skin irritation at prolonged/repeated contact with the product.

**SECTION 12: Ecological information**

12.1 Toxicity

Assessment: For the product as a whole, no test data is available.  
Data related to ingredients: Data derived for the product as a whole are of higher priority than data for single ingredients.  
Hexamethyldisiloxane: Very toxic to aquatic organisms. Toxic to aquatic life with long lasting effects.

Result/Effect	Species/Test system	Source
LC <sub>50</sub> : 0,46 mg/l (measured)	dynamic rainbow trout ( <i>Oncorhynchus mykiss</i> ) (96 h)	test report OECD 203
EC <sub>50</sub> : > 0,37 mg/l (measured)	static <i>Daphnia magna</i> (48 h)	test report OECD 202

## Hinrisol

- 14.6 Special precautions for user: Relevant information in other sections has to be considered.
- 14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code: Bulk transport in tankers is not intended.

### SECTION 15: Regulatory information

---

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture  
National and local regulations must be observed.  
For information on labelling please refer to section 2 of this document.
- 15.2 Details of international registration status  
Relevant information about individual substance inventories, where available, is given below.
- South Korea (Republic of Korea): ECL (Existing Chemicals List):  
This product is listed in, or complies with, the substance inventory.
- Japan: ENCS (Handbook of Existing and New Chemical Substances):  
This product is listed in, or complies with, the substance inventory.
- Australia: AICS (Australian Inventory of Chemical Substances):  
This product is listed in, or complies with, the substance inventory.
- People's Republic of China: IECSC (Inventory of Existing Chemical Substances in China):  
This product is listed in, or complies with, the substance inventory.
- Canada: DSL (Domestic Substance List):  
This product is listed in, or complies with, the substance inventory.
- Philippines: PICCS (Philippine Inventory of Chemicals and Chemical Substances):  
This product is listed in, or complies with, the substance inventory.
- United States of America (USA): TSCA (Toxic Substance Control Act Chemical Substance Inventory):  
All components of this product are listed as active or are in compliance with the substance inventory.
- Taiwan (Republic of China): TCSI (Taiwan Chemical Substance Inventory):  
This product is listed in, or complies with, the substance inventory. General note: The Taiwanese chemicals regulation requires a phase 1 registration for TCSI-listed or TCSI-compliant substances if imports to Taiwan or manufacturing in Taiwan exceed the trigger quantity of 100 kg/a (for mixtures to be calculated per each ingredient). It is the duty of the importing/manufacturing legal entity to take care of this obligation.
- European Economic Area (EEA): REACH (Regulation (EC) No 1907/2006):  
General note: the registration obligations for substances imported into the EEA or manufactured within the EEA by the supplier mentioned in section 1 are fulfilled by the said supplier. The registration obligations for substances imported into the EEA by customers or other downstream users must be fulfilled by the latter.

## SECTION 16: Other information

---

### 16.1 Material

The details in this document are based on the state of our knowledge at the time of revision. They do not constitute an assurance of the described product properties in terms of statutory warranty requirements.

The providing of this document to a recipient does not relieve the recipient of his or her responsibility toward compliance with all laws and stipulations applicable to the product. This applies in particular to the further sale or distribution of the product or substances or items containing the product, in other jurisdictions and with regard to the protection of third-party intellectual property rights. If the described product is processed or mixed with other substances or materials, the details stated in this document cannot be conferred to the resultant new product unless this has been expressly mentioned. If the product is repackaged, the recipient is obligated to additionally provide the required safety-related information.

- 16.2 Further information: Commas appearing in numerical data denote a decimal point. Vertical lines in the left-hand margin indicate changes compared with the previous version. This version supersedes all previous versions.
